FIND YOUR NEXT WORK. DO IT TOGETHER.

# Worktree

## AI finds what else you can do. A guild gives you a team to do it.

**TARGET MARKET**

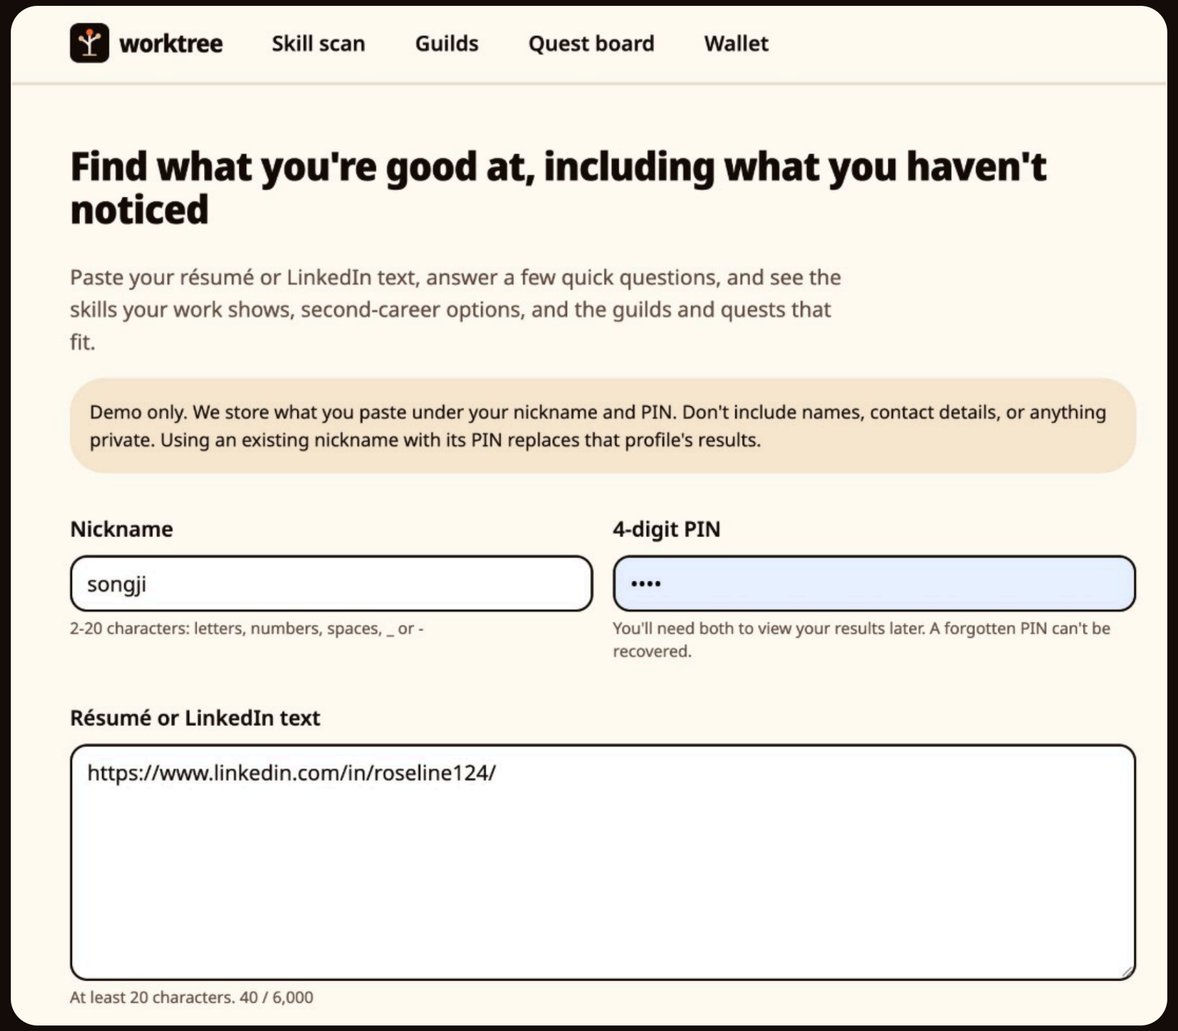

US first — IT workers, junior to senior, who feel AI coming.

**PROBLEM**

Lose your career to AI, and you lose two things: a next job, and a place to belong.

## HOW IT WORKS

**1 Skill scan** — find your skills and second-career options

**2 Guilds** — join or start one, like an open chat room

**3 Quest board** — work posted with a deposit, paid on approval

## WHERE CLAUDE WORKS

**Skill scan** — reads your work history, finds hidden skills

**Guild match** — recommends guilds and work that fit you

## WHY US

**We are the IT workers this is for — two devs and a planner, already a small guild.**
